**Project Type:**

- Single television show/episode/special or movie
- Television series with \_\_\_\_\_planned episodes
- Weekly radio series
- Other (please describe):

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**Facilities:**

- I will be checking out equipment
- I will be using PCA's radio-room equipment and facilities

An Active membership at the "Producing" level is required in order to make an equipment or facility reservation.

Equipment and facilities may only be used for authorized projects leading to the creation of community access programming.

**No commercial or personal use is allowed.** This includes (but is not limited to) wedding videography, commercials, and for-profit broadcast television production.

Excessive equipment usage without the submission of a proportionate amount of programming may result in the suspension of equipment access privileges.

I hereby intend to produce a project that will be broadcast over community access channels operated by Petaluma Community Access. I agree to all the policies outlined in the Petaluma Community Access Member Handbook. I attest that all equipment usage assigned to this project will be used for this project only.
